

From Childhood to Eternity

New CD from Courthouse Music, Mid-Sweden!

JOHAN ERIKSSON, marimba/vibraphone & JOHAN FRÖST, piano

The Zodiak by Karl-Heinz Stockhausen

Children Songs by Chick Corea

Produced by Fredrik Högberg

Lenght: about 50 minutes.

The Zodiak (Tierkreis) is reflecting the twelve most fascinating icons of the starry sky in a typical Stockhausen manor. Twelve miniatures of astrological mysticism that with the help of time has come to reach a wider audience

Chick Corea also uses the miniature as a form for reflections of another kind. Children Songs is a playful collection of pieces that instantly finds a way into the listeners heart.

The perfect collaboration between Fröst and Eriksson, in their own sublime arrangements for piano, marimba and vibraphone adds a new dimension to the works without losing the original intimacy. Marvelous virtuosity and childish playfulness gives this recording a touch of magic!
