Short about Klein Technique™

A comprehensive exploration of Klein Technique™. We will emphasize the idea of moving from our deepest structural and energetic tissue, the bone. Through an interweaving of theory and practice we will work on the muscles of deep postural support: the psoas, the hamstrings, the pelvic floor muscles, and the external rotators. We will work with a body felt understanding of how these muscles bring the bones into alignment, a place of connectedness, which leads to true power and efficiency of movement.

How to get to Nyland:

From Stockholm/Arlanda airport to Kramfors/Sollefteå airport with Swedline, www.swedline.com

Y-buss – the bus to Bollstabruk (where You will be picked up), www.ybuss.se

By train, www.sj.se or by car.

Please contact us if You need any help regarding Your trip to Nyland.
